industrial education

1972

ANNUAL INDEX, VOL. 61

Published by:
Macmillan Professional Magazines, Inc.
Greenwich, Ct. 06830

Accountability
Accountability—For What And By Whom? John L. Feirer, 25 (April)
How To Test The Accountable Vocational Teacher, Ralph O. Gallington and Roger W. Haskell, 26 (April)

Administration
Eight Steps For Developing Performance Contracts, Marshall Schmitt, 31 (April)

AeroSpace
A Space Craft Project For Your Industrial Arts, James V. Louis, 28 (January)
NASA's Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)

Audio-Visual Aids
Do You Check Out A-V Equipment Before You Buy?, Robert Ward, 32 (May/June)
How To File And Find Audio-Visual Software Sources, A. Garrett, 36 (May/June)
How To Read The Outside Micrometer, William Weiss, 8 (September)
Let Video Tape Help You Explore Career Concepts, Robert Hildebrandt, 27 (May/June)
NASA's Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)
"Quick Check" Student Drawings, George L. Baker, 33 (February)
Videotape "Instant Replay" Instruction, R. Harold McEowen, 66 (October)

Auto-Mechanics
Auto Shop Jack Stands, Arthur E. Muller, 34 (January)
Build This Small Engine Dynommeter, Michael R. Seal, 34 (February)
Compact Storage For Jumpers And Test Leads, Waldemar E. Klammer, 60 (March)
Custom Auto Shop Rx For Turned Off Students, Jack Down, 35 (May/June)
Principles Of Wheel Alignment, 12 (October)
Rx For Automotives, William D. Buentzler, 38 (September)
Viscosity Testing Fuels And Lubricants, H. C. Kazanas and F. M. Miller, 47 (April)

Career Education
"Career" Labs For Middle School Industrial Arts, George Ditlow and J. Richard Steinmetz, 22 (March)
Hottest Issue Is Career Education At Ninth Technical Education Clinic, 70 (May/June)
Let Video Tape Help You Explore Career Concepts, Robert Hildebrandt, 27 (May/June)
Strange Things Happened On The Way To Learning, C. B. Daly, 21 (September)
What's Your Role In Career Education?, John L. Feirer, 25 (May/June)
What You Can Do For Career Education, John L. Feirer, 27 (October)

Careers For The 70's
In The Graphic Arts, Ross D. Martin, 10 (September)
In Hot Metals, 16 (October)
In Metals/Machining, 16 (November)

Ceramics and Plastics
Acrylic Aids For Your Drafting Program, C. D. Blake, 32 (September)
A New Concept In Lighting, Vernon H. Isom, 50 (September)
Make Plastic Electronic Modules, Elliot Galland, Samuel Garry, 43 (May/June)
NASA's Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)
One June Day We Started Our Own Manufacturing Plant, Cortland C. Doan, 41 (October)
Plastics As Anti-Pollutants, W. Lloyd Gheen, 44 (September)
Plastics From Start To Finish, Ira Johnson, 12 (December)
Putting "Vocation" Into A Vocational Plastics Cluster, John H. Culler, 30 (January)
QUAD'S The Name Of The Game, Allan I. Presser, 62 (November)

Computer Education
An Individualized Computer-Aided Math Course, John Duffy, Neil Fieffe, 98 (September)
Let Computers Grade Your Drafting Students, Keeling L. Fife, 36 (April)
Teach Basic Concepts of Machinery, James W. Entwistle, 69 (October)
When A Computer Fills Out Students' Report Cards, John H. Mulski, Matthew Levy, 57 (October)

Counselling
Careers For The 70's In Metals/Machining, 16 (November)

Curriculum
An Individualized Computer-Aided Math Course, John Duffy, Neil Fieffe, 98 (September)
Brazosport Sets A Course For Ocean And Marine Technology, T. T. Isbell, 87 (October)
Curriculum Center—Who Needs It; How Can You Use It, Patrick L. Sciaraffa, John G. Steeves, 79 (December)
Individualized Instruction For Individual Differences, William W. Jerold, 48 (September)
Looking At Power From Land, Sea And Air, Leroy J. Sanders, 55 (November)
Putting "Vocation" Into A Vocational Plastics Cluster, John H. Culler, 30 (January)
When Graphic Arts And Advertising Marry, James P. DeLuca, 96 (September)

Design and Drafting
Acrylic Aids For Your Drafting Programs, C. D. Blake, 32 (September)
Advanced Drawing Problems, Allen Weiss, 74 (September)
Career Train Drafting & Design Technology Students, Merritt H. Obreiter, Edward J. Nagle, Wade T. Swenson, 89 (November)
Drafting Tool Storage Board, Philip J. Keller, 52 (March)
Grading Drawings, Joe K. Yabu, 43 (January)
How To Read The Outside Micrometer, William Weiss, 8 (September)
Is Metric A Measure Of Pain?, Orville Nelson, 22 (February)
Is Package Design Your Students' Bag?, John Lindbeck, 30 (February)
Let Computers Grade Your Drafting Students, Keeling L. Fife, 36 (April)
Methodology As A Guide In Good Design, John R. Lindbeck, 14 (November)
Metric Measure In Your Future, John L. Feirer, 19 (February)
NASA's Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)
"Quick Check" Student Drawings, George L. Baker, 33 (February)
"Snoop Proof" File Box For Drawings, R. L. Grandle, 46 (May/June)
Teach A New Dimension In Drafting Technology, Russell W. Brown, 64 (November)
Welcome To Drafting, William H. Mandelare, 23 (September)
We Teach Drawing On An Individualized One-To-One Basis, Ellwood Smith, 23 (January)
What Do You Teach In An $18,000 Drafting Lab? Steve Naypaver, 89 (October)

Ecology / Environment
Plastics As Anti-Pollutants, W. Lloyd Gheen, 44 (September)

Editorials
Accountability—For What And By Whom?, John L. Feirer, 25 (April)
A New Look For "Industrial Education," 19 (September)
Don't Exclude Avocational Skills From Industrial Arts, John L. Feirer, 21 (November)
Every Industrial Education Teacher Is A Technical Writer, John L. Feirer, 21 (December)
Should I Be An Engineer Or A Toolmaker?, John L. Feirer, 21 (March)
Sidestep The Exotic For The Needed, John L. Feirer, 15 (January)
What's Your Role In Career Education?, John L. Feirer, 25 (May/June)
What You Can Do For Career Education, John L. Feirer, 27 (October)

Electricity-Electronics
Amplify Your Electronics With This Stereo Unit, Rex Miller, Fred Culpepper, 60 (October)
A New Concept In Lighting, Vernon H. Isom, 50 (September)
Electronic Horn Guards Homes, Starts Sports Events, Rex Miller, Fred Culpepper, 58 (November)
"Growing" A Plant For Electric Power Technology, Stephen J. Poniatowski, 28 (March)
Make Plastic Electronic Modules, Elliot Galland and Samuel Garry, 43 (May/June)
NASA's Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)
One June Day We Started Our Own Manufacturing Plant, Cortland C. Doan, 41 (October)
Tunnel Diode Oscillator, Frank Francisco, 52 (September)
You May Be Teaching Too Much Electronic Theory, Alan R. Suess, 50 (April)

Evaluation
When A Computer Fills Out Students' Report Cards, John H. Mulski, Matthew Levy, 57 (October)

General Shop
QUAD'S The Name Of The Game, Allan I. Presser, 62 (November)

Graphic arts
Careers For The 70's In The Graphic Arts, 10 (September)
NASA'S Treasurers: Something For Every Teacher, Ernest G. Berger, 28 (October)
One June Day We Started Our Own Manufacturing Plant, Cortland C. Doan, 41 (October)
Print Shop Students Rotate Job Stations, Howard L. Gates, 58 (March)
Try This Approach to Multi-Color Letterpress, Alan Pierce, 40 (September)
When Graphic Arts And Advertising Marry, James P. DeLuca, 96 (September)
Why We Can Hardly Get Them To Leave Our Print Shop, Ken Hoff, 40 (May/June)

Industrial Arts
NASA'S Treasurers: Something For Every Teacher, Ernest G. Berger, 28 (October)
Safety Check Your Industrial Arts Programs, Her-

bert Bell, 47 (March)

Industrial Education
A Space Craft Project For Your Industrial Arts, James V. Louis, 28 (January)
One June Day We Started Our Own Manufacturing Plant, Cortland C. Doan, 41 (October)

Instruction and Instructional Systems
How To Become A Better Teacher, G. E. Baker, 20 (September)
On Using Behavioral Objectives For Better Instruction, Tom E. Lawson, 44 (February)
We can Help Students With Poor Reading Skills, John N. Mangieri, 45 (November)

Leatherwork
Dress Up Time Pieces With Carved Leather Faces, Charley Conger, 60 (November)

Machine Shop
Careers For The 70's In Metals/Machining, 16 (November)

Maintenance
Are You Equipped For Proper Maintenance?, William Purdy, 26 (December)
How To Set Up Sound Shop Maintenance, John J. Allen, 39 (March)

Mass Production
One June Day We Started Our Own Manufacturing Plant, Cortland C. Doan, 41 (October)

Materials Testing
Construct A Lever Hardness And Cleavage Tester, Maurice F. Foss, 24 (September)

Metal Work
A New Concept In Lighting, Vernon H. Isom, 50 (September)
Careers For the 70's In Hot Metals, 16 (October)
Careers for The 70's In Metals/Machining, 16 (November)
Construct A Lever Hardness And Cleavage Tester, Maurice F. Foss, 24 (September)
Creative Design In Candle Holders, John R. Lindback, 62 (October)
NASA's Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)
One June Day We Started Our Own Manufacturing Plant, Cortland C. Doan, 41 (October)
Portable Barbecue, Roger Reuther, 36 (February)
Portable Desk-Top Book Rack, William R. Biggam, 48 (May/June)
Try Wrought Metal For A Spanish Chandelier, Bill Fifer, Larry Thibault, 52 (November)

Metric
Is Metric A Measure Of Pain?, Orville Nelson, 22 (February)
Metric Measure In Your Future, John L. Feirer, 19 (February)

Power Mechanics
Build This Small Engine Dynomometer, Michael R. Seal, 34 (February)
NASA'S Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)
Power Center, Mark White, 56 (March)
Viscosity Testing Fuels And Lubricants, H. C. Kazanas and F. M. Miller, 47 (April)

Purchasing/Requisitioning
Do You Check Out A-V Equipment Before You Buy?, Robert Ward, 32 (May/June)
How You Specify And Manage Hand Tools Is Important, James A. Sullivan, James J. Jenkins, Jr., 22 (December)

Rehabilitation
Vocational Education At Pine Lake, 27 (February)

Safety
Dear Sir! About Your "Safe-Guarded" Shop Equipment, James M. Shea, 42 (March)
Safety Check Your Industrial Arts Programs, Herbert Bell, 47 (March)

Self-Evaluation
How To Test The Accountable Vocational Teacher, Ralph O. Gallington, Roger W. Haskell, 26 (April)

Self-Improvement
How To Become A Better Teacher, G. E. Baker, 20 (September)
On Using Behavioral Objectives For Better Instruction, Tom E. Lawson, 44 (February)

Shop Management
"Back Gear" Simulator, Stanley G. Hagen, 74 (September)
Circular Saw Extension Table, T. Savola, 44 (January)
Clamp-Around Meters, Stanley Clark, 77 (November)
Good Supers Don't Tread On Tender Toes, Alan J. Pierce, 47 (November)
Improvised Magnifier, Hugh Lineback, 42 (January)
Longer-Lived Slitting Saws, Harvey Muller, 77 (November)
Paint Care, Henry Josephs, 77 (November)
Refaced Chuck Trues Itself, Harry J. Miller, 77 (November)

Storage
Compact Storage For Jumpers And Test Leads, Waldemar E. Klammer, 60 (March)
Drafting Tool Storage Board, Philip J. Keller, 52 (March)
How To File And Find Audio-Visual Software Sources, A. Garrett, 36 (May/June)
How To File And Find It, Charles L. Guatney, 50 (October)

Teaching Aids and Methods
Acrylic Aids For Your Drafting Programs, C. D. Blake, 32 (September)
How To Read The Outside Micrometer, William Weiss, 8 (September)
Methodology As A Guide In Good Design, John R. Lindbeck, 14 (November)
Plastics From Start To Finish, Ira Johnson, 12 (December)
Principles Of Wheel Alignment, 12 (October)
Videotape "Instant Replay" Instruction, R. Harold McEowen, 6 (October)

Technical Education
An Individualized Computer-Aided Math Course, John Duffy, Neil Fieffe, 98 (September)
Brazosport Sets A Course For Ocean And Marine Technology, T. T. Isbell, 87 (October)
Career Train Drafting And Design Technology Students, Merritt H. Obreiter, Edward J. Nagle, Wade T. Swenson, 89 (November)
Curriculum Center—Who Needs it; How Can You Use It?, Patrick L. Sciaraffa, John G. Steeves, 79 (December)
Distributing Costs In Technical Job Preparation, Lewis R. Fibel, 106 (March)
Hottest Issue Is Career Education At Nihth Technical Education Clinic, 70 (May/June)
Let's Get On With Career Education, Jerry E Dobrovolny, 74 (April)
Let's Stop Dabbling In Our MET Programs, G. E. Bock, 71 (April)
Needed: Allied Health Workers At All Levels, Ralph C. Kuhli, 82 (December)
Now! New Teaching Tools For Numerical Control, Albert S. Christopher and Edward J. Konopka, 55 (January)
Should Schools Buy Technician's Work Experience?, D. A. Lutton, 61 (February)
Training Nuclear Engineering Technicians, W. E. Marsh, 59 (February)
Use These 3-D Aids To Help Teach Screwpitch Theory, John G. Bradley, 74 (May/June)
We're Handicapped By Lack Of Good Instructional Material, Maurice W. Roney, 87 (November)
What Do You Teach In An $18,000 Drafting Lab, Steve Naypaver, 89 (October)
When Graphic Arts And Advertising Marry, James P. DeLuca, 96 (September)
When You Call Your Consultant Board Together, John J. Swalec, 102 (March)

Visual Aids
How To Read The Outside Micrometer, William Weiss, 8 (September)
Methodology As A Guide In Good Design, John R. Lindbeck, 14 (November)
Plastics From Start To Finish, Ira Johnson, 12 (December)
Principles Of Wheel Alignment, 12 (October)

Vocational Education
New Approaches In Training, Howard Smith, 26 (November)
Pumping "Life" Into Vocational Programs, 17 (January)
Vocational Education At Pine Lake, 27 (February)

Welding
Auto Shop Jack Stands, Arthur E. Muller, 34 (January)
Simple Repair For Solder Pencils, Stanley Clark, 77 (November)

Woodworking
Drafting Tool Storage Board, Philip J. Keller, 52 (March)
Dress Up Time Pieces With Carved Leather Faces, Charley Conger, 60 (November)
Lathe Work Industrial Style, J. Russell Kruppa, John Sullivan, 69 (November)
"Lettuce" Make Salad Servers, Lester G. Duenk, 47 (September)
Liquor Cabinet, John H. Lucy, 43 (April)
NASA'S Treasures: Something For Every Teacher, Ernest G. Berger, 28 (October)
One June Day We Started Our Own Manufacturing Plant, Cortland C. Doan, 41 (October)
Portable Desk-Top Book Rack, William R. Biggam, 48 (May/June)
Portable Power Center, Mark White, 56 (March)
QUAD'S The Name Of The Game, Allan I. Presser, 62 (November)
"Snoop Proof" File Box For Drawings, R. L. Grandle, 46 (May/June)
Strange Things Happened On The Way To Learning, C. B. Daly, 21 (September)
Try Creative Design, Robert E. Piepenburg, 40 (April)
Turn And Route These Transitional Style Tables, David Burdick, 50 (November)
Veneer Methods Make Sense For The Woods Area, R. J. DeCristoforo, 36 (January)
Walnut Trivets For Hot Dishes, Frank McCready, 63 (October)
We Remodeled Our Wood Shop For Wood Science, J. Edward Mincy, 34 (March)
Woodworking Mallet, R. I. Grandle, 42 (February)

A
Allen, John L., 39 (March)

B
Baker, G. E., 20 (September)
Baker, George L., 33 (February)
Bell, Herbert, 47 (March)
Berger, Ernest, 28 (October)
Biggam, William R., 48 (May/June)
Blake, C. D., 32 (September)
Rock, G. E., 71 (April)
Bradley, John G., 74 (May/June)
Brown, Russell W., 64 (November)
Burdick, David, 50 (November)

C
Christopher, Albert S., 55 (January)
Clark, Stanley, 77 (November)
Conger, Charley, 60 (November)
Culler, John H., 30 (January)
Culpepper, Fred, 60 (October), 58 (November)

D
De Cristoforo, R. J., 36 (January)
DeLuca, James P., 96 (September)
Ditlow, George, 22 (March)
Doan, Cortland C., 41 (October)
Dobrovolny, Jerry S., 74 (April)
Down, Jack, 35 (May/June)
Duenk, Lester G., 47 (September)
Duffy, John, 98 (September)

E
Entwistle, James W., 69 (October)

F
Feirer, John L., 15 (January), 19 (February), 21 (March), 25 (April), 25 (May/June), 19 (September), 27 (October), 21 (November), 21 (December)
Fibel, Lewis R., 106 (March)
Fieffe, Neil, 98 (September)
Fife, Keeling L., 36 (April)
Fifer, Bill, 52 (November)
Foss, Maurice F., 24 (September)
Francisco, Frank, 52 (September)

G
Galland, Elliot, 43 (May/June)
Gallington, Ralph O., 26 (April)
Garry, Samuel, 43 (May/June)
Gates, Howard L., 58 (March)
Gheen, Lloyd W., 44 (September)
Grandle, R. L., 42 (February), 46 (May/June)
Guatney, Charles L., 50 (October)
Guentzler, William D., 38 (September)

H
Hagen, Stanley, G., 74 (September)
Haskell, Roger W., 26 (April)
Hildebrandt, Robert, 27 (May/June)
Hoff, Ken, 40 (May/June)

I
Isbell, T. T., 87 (October)
Isom, Vernon H., 50 (September)

J
Jenkins, James J., Jr., 22 (December)
Jerold, William W., 48 (September)
Johnson, Ira, 12 (December)
Josephs, Henry, 77 (November)

K
Kazanas, H. C., 47 (April)
Klammer, Waldemar E., 60 (March)
Keller, Philip J., 52 (March)
Konopka, Edward J., 55 (January)
Kruppa, J. Russell, 69 (November)
Kuhli, Ralph C., 82 (December)

L
Lawson, Tom E., 44 (February)
Levy, Matthew, 57 (October)
Lindbeck, John R., 30 (February), 62 (October), 14 (November)
Lineback, Hugh, 42 (January)
Louis, James V., 28 (January)
Lucy, John H., 43 (April)
Lutton, D. A., 61 (February)

M
Mandelare, William H., 23 (September)
Mangieri, John N., 45 (November)
Marsh, W. E., 59 (February)
Martin, Ross, 10 (September)
McCready, Frank, 64 (October)
McEowen, R. Harold, 66 (October)
Miller, F. M., 47 (April)
Miller, Harry, 77 (November)
Miller, Rex, 60 (October), 58 (November)
Mincy, J. Edward, 34 (March)
Muller, Arthur E., 34 (January)
Muller, Harvey, 77 (November)
Mulski, John H., 57 (October)

N
Nagle, Edward J., 89 (November)
Nelson, Orville, 22 (February)

O
Obreiter, Merritt H., 89 (November)

P
Piepenberg, Robert E., 40 (April)
Pierce, Alan J., 40 (September), 47 (November)
Presser, Allan I., 62 (November)
Purdy, William, 26 (December)

R
Reuther, Roger, 36 (February)
Roney, Maurice W., 87 (November)

S
Sanders, Leroy J., 55 (November)
Savola, T., 44 (January)
Schmitt, Marshall, 31 (April)
Sciaraffa, Patrick L., 79 (December)
Seal, Michael R., 34 (February)
Shea, James M., 42 (March)
Smith, Ellwood, 23 (January)
Smith, Howard, 26 (November)
Steeves, John G., 79 (December)
Steinmetz, J. Richard, 22 (March)
Suess, Alan R., 50 (April)
Sullivan, James A., 22 (December)
Sullivan, John, 69 (November)
Swalec, John T., 102 (March)
Swenson, Wade T., 89 (November)

T
Thibault, Larry, 52 (November)

W
Ward, Robert, 32 (May/June)
Weiss, Allen, 74 (September)
Weiss, William, 8 (September)
White, Mark, 56 (March)

Y
Yabu, Joe K., 43 (January)
